## WOMEN OF THE SOUTH.

Monument in Their Honor Designed by "Dixie" Girl.

Atlanta, Ga.—The design for the monument to the women of the Lost Cause has been completed, and is the work of Miss Bella Kinney, of Nashville, Tenn. She is only 22 years of age, and has achieved fame as a sculptor.

The design for the proposed monument is very beautiful and elevating. The central figure, of heroic size, is the goddess of fame. At her right the reclining figure delicately featured, beautiful, but with an expression of exquisite sadness, represents the self-sacrificing southern woman of the war time. Fame is represented as placing a wreath upon the southern woman's head, while she supports, at her left, a dying and emaciated confederate soldier, to whom the southern woman is extending even in death, the palm of victory.

It is believed that replicas will be erected and placed in all southern capitals.

## Florida State College for Women.

The Florida State College for Women, of Tallahassee, in its School of Liberal Arts, has made some valuable additions to its faculty. This body already strong in an able corps of instructors, has secured the services of Dr. C. B. Boyd of South Carolina, to fill the chair of Greek and Latin. Dr. B. C. Bondurant, the former Professor in this department, a gentleman so highly esteemed for his scholarly attainments and christian manhood, is in ill health, and cannot continue his work. But the College is exceedingly fortunate in securing a gentleman of such fine ability as Dr. Boyd. He is a graduate of Wofford College and afterward did graduate work at Vanderbilt and at the University of Missouri, and this year received the doctor's degree at the University of Wisconsin after a year's residence there. In each of these noted Universities he won distinction in his research work. Dr. Boyd has also had a wide and successful experience as a teacher of Classics, and comes with the reputation of a scholar and excellent gentleman.

Prof. A. E. Chrislip, now of New York, but whose home is in West Virginia, has been appointed to the Dean-ship of the Normal School and Professor of Education in the College of Liberal Arts. Dr. Chrislip graduated in the Peabody Normal College and in the Teachers' College, New York. He has studied in the University of Chicago and now completing the work for his Ph. D. degree in Columbia University. He had had a wide experience and marked success in teaching and in superintending schools in Mississippi, West Virginia and Tennessee, and the Normal School of Florida is fortunate to secure such an excellent director.

To the people of the State, Dr. Conrad is no stranger. The history of the change of Dr. Murphree to the State University, and of Dr. Conrad to the Florida State College for Women, is now well known to the people of Flori-

da. Dr. Conrad's ability as an educator has been attested not only in the superior reputation he bears from the University of Indiana, and from Clarke University, one of the most eminent in America in psychological and pedagogical research; but, in actual service and its results in the State, has Dr. Conrad made good his reputation. He is now busily engaged in the heavy correspondence attendant upon his duties as President.

The great number of communications indicate a large enrollment in the College next term.

Many improvements are now under headway. Several acres of the campus, hitherto lying idle, have been graded. A large part of this land is being set in St. Augustine grass, and the remaining portion is being prepared for sod another season. The road which curves by Bryan hall has been improved and extended to meet the main thoroughfares of the city.

The contract has been let for a new steam laundry building. The new laundry will be in operation this autumn when School opens.

Little Tommy and his mother, returning home in the dark, passed a large tree recently blown over.
